JULY-DEC 2025

DEPARTMENT OF COMPUTER

NEWSLETTER EPOCH

Message From HOD

Plabita Borbora

It brings me great pleasure to convey sincere congratulations to the students and faculty members of Computer Engineering Department on the release of their eighth edition of the newsletter "Epoch."

Releasing this Eight edition of our newsletter "Epoch" brings me great joy. The Assam Engineering Institute's Computer Engineering Department is a vibrant division with a varied faculty. In order to fulfill their own interests and develop their skills, the department's student council arranges a number of events each semester, including expert/guest lectures by industry experts, top faculty members in their field, and various social welfare-related initiatives.

Finally, but just as importantly, I would like to thank my beloved students for participating, exhibiting their talents in a range of fields, and making our department proud. I wish everyone a prosperous life and a successful future.

Special Message

Bhabanada Deka
Lecturer(Rtd)

ETC Department, AEI

It gives me utmost delight that the Department of Computer Engineering of Assam Engineering Institute is coming up with their next issue of the newsletter, 'EPOCH' for the 8th edition.

This newsletter is an invaluable platform showcasing collective progress of the department.

I hope it will continue to foster a supportive community for our readers.

Department of Computer

Assam Engineering Institute

Words From Faculty In-Charge

Dr. Maushumi Lahon

It is my pleasure to continue with the newsletter publishing endeavour which brings before you the 8th Edition thus completing 4 years of its journey.

I acknowledge the efforts of the editorial team in taking on the baton from their seniors and passing it on to their juniors, thus keeping the journey on-going. I thank the team and wish the very best for coming editions.

Words From Team Co-ordinator

Loylakshmi Borah

As the co-ordinator, it never ceases to inspire me to witness this community grow; not just in technical skills but in character and collaboration. Each contribution to this edition, big or small carries the essence of everything that keeps the department thriving. May this serve as a reminder of how far we have come and a spark of everything still to come.

What's Inside ?

- ◆ Greetings And Messages ◆ Higher Study Records.
- ◆ Alumni Highlights. ◆ Departmental Activities.

DEPARTMENTAL ACTIVITIES

Seminars/Lectures/Workshops

- On 04/11/2025 , a workshop titled “Laptop Repairing” was held for fifth & third-semester students.
- Dr. Gautam Chakraborty, delivered a lecture on "Emerging Technology in Software Development" for fifth-semester students on 10/11/2025.

*Departmental Internal Activity*

- The Student Council meeting was held on 12th September 2024.
- Fresher's Introduction : A 'Search for Hidden Talents' program for 1st-semester students, in the presence of faculty and seniors, took place on 21st August 2025.

DEPARTMENTAL ACTIVITIES

Industrial Visits

- On November 01, 2025, fifth-semester students visited Indian Institute of Technology Guwahati(IITG). There we visited IoT lab , Open Source Project lab , language lab and the Param Kamrupa lab .

*Student Council Activities*

- **Academic Club Organizes Quiz Competition** —On November 6th, 2025 , the Academic Club organized a quiz competition .
- **A Cloth Donation Campaign** was held at Asha Bhawan , TRUST OF INDIA on 11TH november 2025.

ALUMNI HIGHLIGHTS

SPANDAN DUTTA
BATCH : 2021-2023

My three years at the Assam Engineering Institute marked a significant turning point in my academic journey . with the guidance of highly qualified faculty particularly in the Computer Engineering department , I gained

strong technical knowledge and academic discipline. The exposure to internships, workshops, and industry-oriented learning played an important role in shaping my understanding and overall development. To current students, I encourage you to stay focused, make use of every learning opportunity, and value the guidance of your teachers .

I think the lessons I got from AEI , can't be compared to any other institutions , after joining polytechnic I thought my life was done for good, everywhere people were like "who even does polytechnic?!", but thank god I came to AEI , I had a big career turn from bio to computer

RIMI DUTTA
BATCH:2022
-2024

science and from that onwards everything changed, AEI paved my way to JEC . The faculty of Computer Engineering department was itself a blessing. I am really grateful for this institution and this gloomy city called 'Mohanagori'. For my dear juniors I have this line " Potham bhal manuh hoba bhal result tu pisot u anibo pariba" , so juniors uphold your Karma and Dharma hand in hand , follow your morals and offcourse put blood ,sweat and tears for that thing we call success.

Assam Engineering Institute, Chandmari gave me more than academic knowledge- it gave me direction.

The years I spent here taught me the importance of discipline, teamwork, and consistent effort.

The encouragement from faculty and the friendships formed along the way played a major role in shaping who I am today.

To my juniors, don't rush the journey. Learn deeply, ask questions, and challenge yourself to grow every day. Use this time to build skills, character, and confidence.

The lessons, the moments and the memories you learn and live here will stay with you long after you leave the campus.

**JYOTIRMOY
HAZARIKA**
BATCH:2022-2024

It is a joy to see Epoch enter its 8th issue—congratulations to everyone involved. My heartiest congratulations to my Department for achieving NBA accreditation. The Department of Computer Engineering at AEI is truly a place where excellence meets perfection

and ambition becomes reality. My own epoch at AEI taught me resilience and discipline. I realized how even small changes at different phases of life can create a big impact, often leading to paradigm shifts in one's journey. My years here were not only about being a focused polymath; they reminded me of the importance of teamwork, friendship, and building healthy connections. I value the challenges I faced during those years because they nourished me and became an integral part of who I am today.

BATCH : 2021-
2023

WELCOMING A FRESH CHAPTER

First-Semester students beginning their academic journey.

MEET THE EPOCH TEAM

- Dr. Maushumi Lahon (Faculty In-Charge)
- Loylakshmi Borah (Co-Ordinator), 5th semester
- Kaushik Rongpi (Asst. Co-Ordinator), 5th semester
- Sneha Sarma , 3rd semester
- Samir Ranjan Das, 3rd Semester
- Chinmoy Sarma, 1st Semester
- Hemanga Kishor Das, 1st Semester

THE FACULTY AND STAFF MEMBERS OF THE DEPARTMENT

NAMES AND DESIGNATIONS:

- Mrs. Plabita Borbora, HOD
- Dr. Maushumi Lahon, Lecturer S.G
- Mrs. Prakriti Prava Das, Lecturer S.G
- Mrs. Swapnali Borah, Lecturer S.G
- Mrs. Chayanika Sarma, Lecturer
- Mr. Abdul Barek, Lecturer S.S
- Mr. Yajnadev Sarma, Technical Assistant
- Ms. Riya Das, Intern
